

3rd Conference on Forensic Accounting

FROM ACCOUNTING MANIPULATION TO SUSTAINABILITY AND ARTIFICIAL INTELLIGENCE: NEW HORIZONS IN FORENSIC ACCOUNTING

October 23-24,
2026

University of Belgrade,
Faculty of Economics and Business

- The Faculty of Economics and Business, University of Belgrade is pleased to announce the 3rd Conference on Forensic Accounting, aimed at bringing together researchers and professionals from the field of forensic accounting and related disciplines. The Conference provides a forum for the presentation of research findings, the exchange of professional experiences, and the exploration of innovative approaches to addressing emerging risks in an increasingly complex business environment. By fostering dialogue between the academic and professional communities, the Conference seeks to promote interdisciplinary cooperation, encourage the sharing of knowledge and best practices, and contribute to the advancement of forensic accounting theory and practice. Particular emphasis is placed on strengthening professional competencies, enhancing institutional capacities, and identifying new directions for research and practical application in the field.
